Registered with: Australian Health Practitioner Regulation Agency (AHPRA Registration No: MED0001053744)
General Medical Council UK (GMC Reference No: 6089866)

Extra curricular activities

Throughout my studies I maintained a high level of involvement both in Athletics and Body Building. I was a qualified coach and national competitor in the Hammer Throw, representing the state eight times, as well as dedicating many hours in the gym in preparation for Natural Figure and Physique titles, where I placed second.

Currently, I am a full time working mother of three children. My training commitments are less, however I still maintain an exercise routine as I feel it is essential to work life balance and my wellbeing. I hope to enter sport again at a competitive level later in life.

Languages

I fluently speak and write in Greek. I also hold a Greek Passport, which gives EU citizenship rights.
